

REMARKS

Applicants cancel claims 23 and 27-28. Claims 1-22 have previously been canceled. Claims 24-26 and 29-53 remain pending in the application. Applicants amend claim 29 to independent form and amend claims 24-26 to depend from claim 29. No new matter has been added.

The Examiner apparently objected to the specification without citing any specific reasons for the objection or any portions of the specification that are objected to. Applicants respectfully request that the Examiner enumerate the bases for the objection or withdraw the objection.

Applicants acknowledge with appreciation the finding that claims 29-53 contain allowable subject matter. Accordingly, Applicants amend claim 29 to independent form and respectfully request that the Examiner allow claims 29-53.

Claims 23-28 were rejected under 35 U.S.C. § 102(e) as being anticipated by U.S. Patent Application Publication No. 2005/0207435 to Christie et al. Applicants cancel rejected claims 23 and 27-28 and amend claims 24-26 to depend from claim 29, which the Examiner has found to contain allowable subject matter. Accordingly, Applicants request that the Examiner also allow claims 24-26.

In view of the remarks set forth above, this application is in condition for allowance which action is respectfully requested. However, if for any reason the Examiner should consider this application not to be in condition for allowance, the Examiner is respectfully requested to telephone the undersigned attorney at the number listed below prior to issuing a further Action.
